4.50

**UCEAP Semester Units**

3.00

## Course Description

This course focuses on the relationship between violent conflict and economic development. The first half of the course examines the concepts of conflict and development, as well as some associated theories. The second part focuses on the nexus between conflict and development, the cultural dimensions of conflict and development, and concludes with some policy interventions that could be applied to reduce the risk of conflict and accelerate development. Reference is made to some case studies in Sub-Saharan Africa.
