UCEAP Course Suffix
UCEAP Official Title INTIMATE RELATIONSHIPS
UCEAP Transcript Title INTIMATE RELATIONSH
UCEAP Quarter Units 8.00
UCEAP Semester Units 5.30

Course Description

For most of us, the first intimate relationships that we experience are family relationships, although at other stages of our life-cycle non-familial relationships may dominate. The course explores different sociological understandings of such relationships and debates about the nature of social change in personal life. The course reviews research on parent-child relationships, friendship and kinship relationships, sexual relationships and couple relationships, drawing on North American, Australian, and New Zealand research as well as British literature.

Language(s) of Instruction
English
