## Course Description

This course provides a study of the elements that pertain to the most significant criminal offences, as well as newly emerging crimes, through the analysis of relevant legal aspects. Emphasis is placed on the most important legally protected rights and the varying classes of offences. Topics covered include: crimes against life, integrity of body, and against the family; crimes against personal liberty and normal psychosexual development; patrimonial crimes; crimes against health and well-being; corruption of minors; crimes committed by public servants; crimes against the administration of justice; crimes against public faith; concealment and operations with resources of illicit origin; crimes against biodiversity and the environment.
