Course Description
This course explores a range of rock music, from its roots in American music styles of the mid-20th century to the emergence of rock and proliferation of hybrid genres in the 1960s and 1970s. It also examines subsequent developments like punk, heavy metal, grunge, and more recent recasting of rock idioms. The aesthetic foundations of rock music and culture are analyzed, as well as the music's creation, performance, and modes of consumption.
