EUROPEAN UNION LAW

UCEAP Quarter Units
5.50

UCEAP Semester Units

3.70

Course Description

This course outlines the structures of the European Union, its law-making processes, judicial architecture, and its most important policy domains. It does so by focusing on both the law of European integration and the political, social, and cultural context within which it operates. Students tackle questions about the dynamics and direction of integration, including the existential challenges posed by Brexit, the rule of law crisis and the refugee crisis.
