Course Description

This course is a dynamic exploration of William Shakespeare’s London and literature inspired by and set in his city. The course is designed introduces students to the historical and cultural milieu of 16th and 17th-century London through a variety of genres, including drama, prose, verse, and broadside ballads. Historical accounts, artefacts, and maps provide context to the rich material for critical reading offered by these texts. Students learn about historical research methodologies while sharpening their literary close reading skills.
