Course Description

This course provides an introduction to the basic principles of public international law as it applies in our modern world. It focuses on how the governance of our global system is being shaped through international law and policy. The course analyzes the interface of international law and governance through the prism of such issues as internal unrest, dispute resolution, climate change, globalization, development, terrorism, use of force, pirates, cyberlaw, torture, human rights, genocide, the United Nations, the World Bank, and non-governmental organizations.
