UCEAP Quarter Units 5.00
UCEAP Semester Units

3.30

Course Description

This course begins by prompting students to reflect on what happiness means to them. What is happiness? What is it for? Does it matter? How can we measure it? The course explores a variety of ‘theories’ of happiness, asking students to think about what happiness means to them in their lives and communities. Through discussions, research, and reflection students are exposed to different interpretations and understandings of happiness.

Language(s) of Instruction
English
