Course Description

By studying this course, students will be able to have a systematic understanding of the common law system and international dispute resolution rules, master English legal vocabulary, improve their ability to read English legal texts, and improve their listening, speaking, reading, and writing skills in English. This course aims to cultivate students' ability to understand legal documents, analyze legal issues, and solve practical problems in English through case analysis and classroom discussions.

The basic content of this course mainly includes an introduction to the main legal systems of the Anglo-American common law system and international legal case analysis methods. The teaching focuses on the understanding, learning and mastering of original English cases and the training of English listening, speaking, reading and writing, allowing students to systematically study the main legal theories, precedents and trial practices of the common law system.
