Course Description

This course focuses on the complete employee lifecycle, with a particular emphasis on personnel selection and development. The competencies of work and organizational psychologists are relevant at all stages of the employee lifecycle in the field of Human Resources. The course covers attracting, selecting, and developing the right individuals, as well as exemplary recent developments and current issues in HR such as hybrid work and work-life policies, knowledge sharing, and artificial intelligence in HR. The course is graded on a P/NP basis only.
