### **Course Description**

This is an advanced course in corporate finance; prior coursework in financial accounting, statistics, and corporate finance is preferred.

The aim of the course is to bring students to the frontier of knowledge so that they can start doing their own research in this field. This course focuses on the following topics in applied corporate finance:

- 1) Topics related to the issues of climate and corporate governance;
- 2) Topics related to climate change risk and opportunities exposures;
- 3) Topics related to the issues of pollution on investor behavioral bias, and on corporate policies;
- 4) Topics related to climate change risk on government policies;
- 5) Topics related to corporate social responsibility (CSR) and environmental, social, and governance (ESG) policies;
- 6) Topics related to ESG equity;
- 7) Topics related to ESG lending, and
- 8) Other upcoming trending topics, including water quality.
