UCEAP Transcript Title DESIGN THINKING
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description

In this course, students use design principles to develop their creative potential and practice design thinking using a people-centered approach to solve problems and create new possibilities. Through practical activities, students discover tools and mindsets that guide them in navigating ambiguity in a creative process, observing and learning from others in unfamiliar contexts, and generating and experimenting with ideas quickly.
