## Course Description

This course is a compulsory course for law school undergraduates and one of the basic courses for the law major. Through the study of this course, students can understand the basic theories and basic categories of Chinese civil procedure law, systematically master the knowledge system and framework of civil procedure law, and understand the basic content included in various procedures. At the same time, it improves the logic and agility of students' thinking, and cultivates students' ability to discover, analyze and solve problems.

The content of this course mainly includes the overview of civil litigation (basic theory, basic principles, supervisor and jurisdiction of civil litigation), litigant, evidence and proof, civil litigation guarantee mechanism, litigation procedure, non-litigation procedure, special procedures for foreign-related maritime and public interest litigation, and execution procedures.
