UCEAP Quarter Units 8.00
UCEAP Semester Units 5.30

Course Description

This course engages with some of the large theoretical debates in the study of social movements, reading both empirical treatments of particular movements and theoretical treatments of key issues. It is particularly concerned with the social and political context of protest, focusing on basic questions, such as under what circumstances do social movements emerge? How do dissidents choose political tactics and strategies? How do movements affect social and political change?
