**Course Description**

The goal of this course is to examine aesthetic topics and examine what kind of study aesthetics is. The course begins with an overview of the unique problems of aesthetics and how to approach them, followed by aesthetic judgment and aesthetic experience, the concept and essence of art, the ontology of works of art, imitation, expression, emotions, art and morality, and works of art. It deals with issues such as valuation. The latter half of the course focuses on the phenomenon of serious transformation in modern art and culture and examines the issues that arise when important themes of aesthetics meet modern art.
