AI/DATA/SOCIETY:HLT

**UCEAP Quarter Units**

6.00

**UCEAP Semester Units**

4.00

## Course Description

This course examines the fundamental concepts of data analytics and AI, and their practical applications in healthcare. It covers key concepts in data analytics and AI techniques, ethical considerations in health data analytics and AI, and how their use impacts society: from the patient, to the doctor, to the broader community.
