UCEAP Quarter Units 4.50
UCEAP Semester Units 3.00

Course Description

This course provides a platform for new thinking about international legal and institutional arrangements in the world of an urgent need for responsibility for the future. It also presents what role the United States and Europe play in this process. It considers whether global governance - a dynamic process in which legal, political, and economical arrangements unleash interests, change the balance of force, and lead to further reinvention of the governance scheme itself - and wider responsibility are possible.
