3.00

Course Description

This course examines the concept of security and governance of security, and its application in different contexts and at different levels of analyses with a focus on developing societies, particularly Africa. It considers key theories and relates them to particular contexts. The course provides an intellectual and practical context to the notion of the security sector and the governance of security and develops and demonstrates knowledge, understanding, and skills to investigate the various ways through which "security" can be brought under "democratic governance."
