8.00

**UCEAP Semester Units**

5.30

## Course Description

This course explores transitions that occur in children's and adolescents' lives, including "vertical transitions," described as "developmental and predictable" and including moving on from one setting to another at the appropriate stage in education/life and "horizontal transition," described as the movement between activities during the course of a normal day. The course explores transitions that result from migration, changes in the family structure, and bereavement.
