Course Description

An introductory course providing students with a broad overview of political science as a social science discipline, this course seeks to cover the basic principles of political theory, comparative politics, and international relations over the course of the semester. The course covers a wide range of topics, from political theory, ideologies, nations and states, the government, interest groups and society, elections, political psychology, political violence, international relations, and global politics. The goal of the course is to introduce key concepts and ideas in political science, and to encourage students to explore these concepts further through other courses or by themselves.
