COURSE DETAIL

ECOLOGY I
Country Netherlands
Host Institution Wageningen University and Research Center
Program(s) Wageningen University
UCEAP Course Level Lower Division
UCEAP Subject Area(s) Biological Sciences
UCEAP Course Number 10
UCEAP Course Suffix
UCEAP Official Title ECOLOGY I
UCEAP Transcript Title ECOLOGY I
UCEAP Quarter Units 2.50
UCEAP Semester Units 1.70

Course Description

The Ecology course provides an introduction to and overview of the field of ecology and builds on material learned in secondary school courses in biology. The course covers the most important theories and principles of general ecology based on interesting examples from scientific research and the practice of nature management, agriculture and fisheries, land development, and environmental policy. Ecological insights are essential for solving major problems concerning biodiversity, food production, global climate change, and many other areas.

Language(s) of Instruction
English
