MEDIEVAL BODIES

UCEAP Transcript Title
MEDIEVAL BODIES

UCEAP Quarter Units
8.00

UCEAP Semester Units
5.30

Course Description

The human body offers historians a gateway onto understanding the cultures of the past. On this course students examine several groups of objects from the visual culture of medieval Europe and the Middle East through this contemporary theoretical lens, examining how the techniques and society of the medieval craftsman at once idolized and distorted the medieval body's forms. In previous years this course has also featured a study trip to museums and galleries in London to meet with curators and handle objects.
