AMER INDEPEN CINEMA

UCEAP Quarter Units

6.00

UCEAP Semester Units

4.00

Course Description

This course introduces students to a selection of independent American films which are frequently overlooked by the dominant histories of American cinema. The films selected are chosen from a diverse range of American filmmakers from the 1960s to the present, and the course therefore hopes to provide an account of American film which reaches beyond the dominant Hollywood model. This leads to consideration of the divisions in American society and how these can be perceived through the work of independent filmmakers.
