Course Description

This course aims to understand the structural "power" of the media through examining how the media, people, and society affect one another. In addition, the course addresses public relations and communications so that students can foster media and digital competency to use "owned media" safely and effectively.

The course addresses the following topics:

1. Media and power: the danger of a single story; case studies
2. Media and gender
3. Media and ethnicity; case studies
4. Discourse analysis
5. Interactive communications in the Digital and SDGs age; case studies
6. Interactive Communications and Global PR campaigns
