LABOR ECONOMICS

**UCEAP Quarter Units**

3.00

**UCEAP Semester Units**

2.00

### **Course Description**

This course explores how labor markets work and analyzes a wide range of labor issues within Japanese and US economies. Each class begins with the theoretical background of labor economics, then students analyze a related research article to understand how and whether the standard, neo-classical model is applied to real economic life. It is strongly recommended to enroll in this course together with the course, LABOR ECONOMICS AND PUBLIC POLICY B.
