UCEAP Semester Units 3.00

Course Description

This course is designed to delve into the world of early childhood curriculum, exploring its definition, philosophical and theoretical foundations, and practical implementation. Throughout the semester, students develop knowledge and skills in planning and interpreting curriculum, observing classroom practices, and understanding teacher roles. In addition, students gain deeper understanding of various early childhood curriculum models as well as current trends in the field. The goal is to understand the concept of early childhood curriculum and its core components; to understand how philosophical and theoretical backgrounds are associated with early childhood curriculum; to develop skills in planning, developing, and implementing early childhood curriculum; and to analyze current trends and the future of early childhood curriculum.

Prerequisites: majoring in Child and Family Studies
