Course Description

The course is an introductory course to comparative democratization, ONLY open for the Mater students of Department of International Relation. Designed to introduce students to the study of democratization and assist students to developing research topics in democratization. The course is divided into three parts. First, we will review and basic concepts and theories of de- mocratization. Secondly, we will explore the determinants and consequences of democratiza- tion. Thirdly, we will put China into scrutiny and examine its democratic politics constructions. We will survey through a range of methodological approaches and explores key elements – eco- nomic development, political institutions, international factors as well as domestic structures, state-society relations, and elites decision making process, supplement with contemporary read- ing on democratization.
