UCEAP Transcript Title DEVELOPMENTAL PSYCH
UCEAP Quarter Units 4.00
UCEAP Semester Units 2.70

Course Description

How do infants extract conceptual/abstract representations from sensory/perceptual information? How can studying development help us understand how the impressive cognitive abilities of humans are structured in the mind? This course teaches students about the development of human cognition; how to design and analyze developmental studies to answer outstanding questions in developmental psychology; and how to present material succinctly in written and oral form.
