## Course Description

With globalization, the Internet, and the general shrinking of time and space, cross-cultural interaction has become a necessity in people's everyday lives. This course is designed to interrogate different aspects of cross-cultural communication and cultural differences: family life, social relationships, the workplace, government, education, gender, romance, and religion. Throughout exploring these topics, we will strive to engage in personal self-reflection, hands-on experience, and to understand the connections to larger social structures.
