UCEAP Course Suffix
UCEAP Official Title USABLE SECURITY AND PRIVACY
UCEAP Transcript Title USABLE SECURTY&PRIV
UCEAP Quarter Units 4.00
UCEAP Semester Units 2.70

Course Description

Humans are a vital component of secure and private systems, they are also one of the most expensive components and the most challenging to reason about. In this course, students learn about how to create systems that are usable while still fulfilling their primary security or privacy mission. Students also learn about research topics such as designing user studies to critically evaluate interfaces and reading academic papers to create an academically-informed view of the topic.

Language(s) of Instruction
English
