Course Description

Teaching Purpose:

To understand the general process of the history of the development of world literature, to explain the formation and evolution of major literary trends and schools on the background of the history of ideological and cultural development; To be able to interpret the ideological content and artistic characteristics of the classic works (about ten works) of classic writers in detail.

The teaching content includes the basic knowledge of literary history as well as the general situation of social history and culture that affect the development of literature. Due to the limited class time, the teaching content is mainly European literature, with appropriate intersperses related content about the influence of Eastern literature on the development of Western literature.
