Course Description
The course is carried out throughout the process of university education. It aims at directing students to an objective and acute awareness of themselves and the external world, assisting them in scientific career orientation and in devising career-planning schemes according to their actual situations. The course also guides students in undertaking relevant internships, social practices, and participating in Outward Bound training programs, whereby students may obtain direct knowledge of different posts, acquire certain professional skills, and consequently establish a solid basis for future employment and career development.
