Course Description

This course examines the history of gender in Chile from the colonial era to the present. It discusses how ideas about the roles of men and women in society were historically constructed and influenced other social relationships. This course examines how gender shapes politics and politics shapes gender. It focuses on ways gender has molded historical processes such as the creation of State and citizenship, as well as the links between gender and sexuality, race, ethnicity, and class.

Language(s) of Instruction
