UCEAP Official Title THE POLITICAL ECONOMY OF CLIMATE CHANGE
UCEAP Transcript Title POL ECON OF CLIMATE
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description

Students explore cutting-edge research on climate politics and critically analyze various theoretical concepts and models, assess the advantages and drawbacks of different empirical approaches, and draw connections to core debates in international political economy and political science. Students gain familiarity with the frontier of climate politics scholarship, learn how to constructively critique academic work, and develop skills in designing and executing rigorous political economy research.
