### **Course Description**

This course explores the grammar of German verbs - regular or irregular, separable or non-separable, active or passive, with or without prepositions. With verbs we live in different times, in yesterday and today, with verbs we also look into the future. But the verb also helps us to expand our vocabulary and make our style more versatile. The course is aimed at students who want to deepen their grammar knowledge and expand their vocabulary at the same time, based on the motto: (Almost) nothing works in the German language without a verb!
