4.00

Course Description

This course explores the concepts of diversity and inclusion in organizations, through identities of gender, race and ethnicity, disability, class, and sexuality. We explore, through case studies and in-class discussion, different management strategies for diversity and inclusion, in different contexts around the world, and critically explore their pros and cons. This course provides the theories, toolkits, and practical examples needed to manage for a diverse and inclusive organization in the 21st century.
