Course Description

The course provides a sociological analysis of the genesis and development of gender categorization. Students examine the various incarnations of feminism; the construction of gender as a concept; the historical evolution of women's roles in Mexico from the pre-hispanic era to the 21st century; the Mexican family (rights, laws, and violence); gender perspectives of education and labor; and gender in relation to health, culture, and social problems in Mexico.

Language(s) of Instruction
