Course Description

This course surveys the history of modern Japan from the late-Tokugawa period to the present. The course gives an understanding of major events and analyzes the modern history of Japan in transnational and comparative contexts. It explores a number of common themes of modern global history: nation building, colonialism, total war, and various transformations and social conflicts in the postwar period. Students think critically about diverse historical interpretations and controversies. The course includes a broad range of historical debates and viewpoints.
