4.50

UCEAP Semester Units

3.00

Course Description

This course involves guided reading, research, and discussion. It treats some of the classics of American literature and examines how each text generated controversy in its own time and continues to do so in the present. From these texts, along with some theoretical readings, the course develops an understanding of cultures of censorship in the United States and their relationship with colonialism and dominant notions of civility.

Language(s) of Instruction
English
