UCEAP Official Title FOOD AND EATING: THE CULTURAL BODY
UCEAP Transcript Title FOOD& EATING: CULTR
UCEAP Quarter Units 8.00
UCEAP Semester Units 5.30

Course Description

Students gain a systematic understanding and a critical awareness of current problems and recent insights in relation to different theoretical approaches to cookery and eating as cultural processes that are materially embedded and embodied. This contributes to the overall program aim of challenging assumptions about what makes humans similar and different across borders. The course also fosters values of social responsibility and inclusion by exploring how diverse groups of people approach food in their cultural settings.
