UCEAP Semester Units

3.30

Course Description

This course analyzes the relations between English speaking narrative literature and narrative film within the British and US context. This learning is based on the reading of concrete literary texts turned into audiovisual texts (theater, novels, autobiographies, etc.). Topics include theoretical issues such as the similarities and differences between the various languages used in novels and in films, narrative techniques, artistic value criteria, and distinct relationships between the texts and the audience.
