UCEAP Official Title DISASTER PREVENTION
UCEAP Transcript Title DISASTER PREVENTION
UCEAP Quarter Units 3.00
UCEAP Semester Units 2.00

Course Description

This course introduces how to prevent or mitigate natural disasters, especially those related to a large earthquake. It discusses the mechanism of hazards (earthquakes and tsunamis) and the disasters caused by these natural phenomena as well as the limitations of disaster sciences or hardware preparedness such as sea walls. The course also discusses the importance of education and communication. The course features a group research project and presentation on disaster prevention.
