Course Description

The course uses 20th-century Latin American literature to explore the history and culture of the period; it examines the different literary trends, aesthetic conceptions and expressive techniques, both in narrative and poetic expression. Individual topics and texts studied vary by semester and can include any of the following: the history of literary movements; the ideological construction of space; the relationship between literature and politics; the role of women in culture; the building of Latin American identity, gender issues, realism and the different approaches to reality; relationship between Latin America and other regions of the world; the fantastic in Latin American literature, etc.
