UCEAP Course Suffix
UCEAP Official Title THE CITY: HISTORIES OF URBANISM AND THE BUILT ENVIRONMENT
UCEAP Transcript Title URBAN & ENVIRONMENT
UCEAP Quarter Units 4.50
UCEAP Semester Units 3.00

Course Description

This course examines practices of urbanism across a range of contexts from antiquity to the present day. By doing so it allows students to develop insights into the social relations and human struggles that have been produced by, and continue to produce, particular types of built forms in different places over time. In the broadest sense, the course uses urbanism as a lens to understand the relationship between urban forms and the complex, multiple processes that constitute cities and their urban milieus.
