UCEAP Semester Units

2.00

Course Description

*This course has been offered as an optional summer intensive course at Hitotsubashi, meaning that the course meets for only one week after the UCEAP program end dates.

This course is designed to provide students with a fundamental understanding of international political theories while engaging them in practical analysis of political scenarios using data science methodologies. While no prior knowledge of data science is required, a certain level of information literacy is expected to assimilate and interpret data-driven insights effectively.

Language(s) of Instruction
English
