UCEAP Transcript Title CREATING NARRATIVES
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description

This is an interdisciplinary course that explores the principles of communication in Design and Engineering. Students learn how they can draw on visual and verbal resources to clearly articulate the valued knowledge in their disciplines to both specialist and non-specialist audiences. Students study a range of narratives around multimodal artifacts such as posters, renderings, drawings, models and exhibits from these disciplines and become familiar with the ways to engage, inform, critique and persuade different audiences and communicate their designs effectively.
