UCEAP Transcript Title NOVEL WORLDS
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description

This course examines the rise of novel reading in English as an educative, aesthetic and passionate practice from the 17th century to the present. The course moves chronologically to examine how novels and the world came to be understood as mutually constitutive, how novels create and sustain attachments amongst their readers, how the genre of the novel became available for interrogations of national, gendered, racial, sexual and class identity, of liberty and intellectual emancipation, and of pleasure.
