UCEAP Semester Units

3.00

Course Description

CIEE supports qualified students who wish to pursue an academically rigorous independent research project while abroad. In order to enroll, students must submit a research proposal including a clearly defined research topic, explanation of research plans, description of preparation in the planned area of study, list of resources, tentative outline of a final paper, and suggested schedule of progress. Students complete a total of 100-120 hours of research and meet regularly with an advisor to complete an academically rigorous, ethically sound, and culturally appropriate research project and final research paper. Approval for participation in Directed Independent Research must be obtained from CIEE and the student's home institution prior to arrival on the program.
