## Course Description

This course examines the fundamentals of mixing and audio production through lectures, workshops and creative participation. Weekly assignments may include the analysis, mixing and remixing the music of a wide variety of artists ranging from Radiohead, Coldplay, Lady Gaga, Linkin Park and the Red Hot Chili Peppers to Queen, the Beatles, and Led Zeppelin. The course also introduces the students to the industry-standard Digital Audio Workstation software (e.g. Logic Pro X) and makes regular use of the School of Music's own cutting-edge music technology labs and other facilities.
