UCEAP Transcript Title DIFFERENTIATED EU
UCEAP Quarter Units 4.50
UCEAP Semester Units

3.00

Course Description

This course explores how the EU can be understood as a differentiated political system, both in relation to its member states and non-EU countries. It looks into differentiation in various forms, including variation in the extent to which states participate in EU policies (horizontal differentiation) and in the level of integration across policy areas (vertical differentiation), and it explores the drivers of such differentiation. The course also discusses the consequences of differentiation for the legitimacy of European integration.

Language(s) of Instruction
English
